

Catalyzing Action:

EU SUSTAINABLE LIFESTYLES ROADMAP AND ACTION PLAN TO 2050

26 – 27 November 2012

Brussels

Domenico Rossetti di Valdalbero **Directorate General for Research and Innovation**

Domenico Rossetti di Valdalbero is Principal Administrator at the European Commission, Directorate-General for Research and Innovation.

He is responsible for managing a large part of the Socio-economic Sciences and Humanities theme of the 7th EU Research Framework Programme (FP7). This includes the activities related to Sustainable Development and Foresight (cf. new paths of economic growth; post-carbon society; nexus among energy-environment and transport in a forward-looking perspective).

Domenico is the author of more than 100 articles and two books entitled: "The Power of Science" and "Mapping European integration through its Cities". He recently supervised the "Global Europe 2050" report. Domenico got his Doctorate (PhD) in economics from Paris Dauphine University.
