Clef verte – Green Key

The Green Key is an international eco-label chosen today by over 1,300 tourism infrastructures worldwide. It is awarded annually to tourism facilities, hotels, bed and breakfasts, youth hostels, camp sites, conference centers and attractions, based on evaluation criteria rating overall environmental management, waste management, water, energy and green open spaces, food, environmental education, mobility, ... Through these criteria of excellence, the Green Key program aims to promote sustainable development in tourism infrastructure. The Green Key is an initiative of the Foundation for Environmental Education (FEE).

In January 2011, on the initiative of Mr. Christos Doukeridis, Brussels Minister for Tourism, the Green Key label certification process started in Brussels. Currently, fifteen hotels, a dozen bed and breakfasts and two accommodation centers for young people have already expressed a keen interest in the Green Key label.

Visit the international website www.green-key.org and the French-language national website www.cleverte.be. You will find a list of all certified accommodation there, as well as the criteria for awarding the label. www.green-key.org

We wish you a nice stay in Brussels!
